FINAL WORLD CUP OVERALL POSITIONS (16 RACES FROM 16)

The final overall WORLD CUP results will be calculated from athletes' best 7 race results. Each race in each category counts equally to the overall World Cup result. An athlete must score in at least two races to be included in the final overall World Cup classification. The bonus points will be added to apply to an athletes overall World Cup points tally and NOT to their Category points score.

a) Bonus participation at the World Cup final race to be held in Chiavenna, Italy. Each scoring athlete receives a 15 points bonus to add to their score.
 b) There will be a bonus for participation for athletes that complete 5 races (in classic mountain and long mountain categories only) of 40 points and a further 24 points added for athletes that complete 8 races (regardless of category).
 c) There will be a bonus Participation for an athlete completing in at least one race in every category = 24 points. d) Bonuses can be accrued (added) together provided athletes meet the criteria.
